

America's Central Bank THE FEDERAL RESERVE

The past several years have brought economic topics to everyone's attention, but teachers have always known that economics is an important part of social studies instruction. The Federal Reserve System plays a critical, but often misunderstood, role in the American economy. This conference will give economics, U.S. history and civics/government teachers information and tools to teach important ideas related to these themes:

- **Money Makes the World Go Round**
- **Historical Beginnings of the Federal Reserve**
- **Economics of the Great Depression**
- **Fed 101: Purposes and Functions of the Federal Reserve**
- **The 21st Century Fed: What's Next?**

Ready-to-use classroom materials will be demonstrated in conference sessions and given to all participants.

Sponsored by Federal Reserve Banks of Atlanta and Dallas
Louisiana Council for Economic Education
Louisiana Council for the Social Studies

Date and time June 8, 2011
8:30 a.m.–3:30 p.m.
